When the Civil War broke out in 1861, Hitchcock was determined to play a role in the conflict. However, as a woman, she was barred from serving in the military. Undeterred, Hitchcock devised a daring plan: she would disguise herself as a man and join the Union Army.

With the help of a tailor, Hitchcock created a convincing male persona, complete with a uniform, a mustache, and a new name: Albert Cashier.

In 1862, Albert Cashier enlisted in the 95th Illinois Infantry Regiment. For the next three years, Hitchcock fought alongside her fellow soldiers,

participating in some of the war's bloodiest battles, including the Battle of Vicksburg and the Battle of Gettysburg.

Throughout her time in the army, Hitchcock's true identity remained a secret. She kept her hair short, bound her breasts, and adopted a gruff voice.

Hitchcock's fellow soldiers were impressed by her bravery and dedication. She was a skilled marksman and a fearless fighter. In fact, she was so convincing in her disguise that she was even promoted to the rank of sergeant.

In 1865, the war came to an end. Hitchcock was honorably discharged from the army and returned home to Illinois. She resumed her life as a woman, but she never forgot her experiences as Albert Cashier.

Hitchcock's story remained a secret for many years. It was only after her death in 1903 that her true identity was revealed. Her story has since become a source of inspiration for generations of Americans.
